SHOP COUTURE: LUNAR CASCADE

EUR-04-0852 Moon Shadow Four-Door Sideboard

John-Richard's aesthetic speaks in contrasts. Warm balances cool, polished meets raw, tradition blends with modernity. Clear surfaces sit alongside frosted textures, and metal takes on a quiet luster beside stone-like finishes. Our design language creates richness without excess and drama without noise, delivering a sophisticated look that feels intentional and elevated. Each piece has been touched by the hands of our master craftsmen, with finishes and styles to suit any space or mood.
